

Acting and Playwriting

April 2023 - December 2025

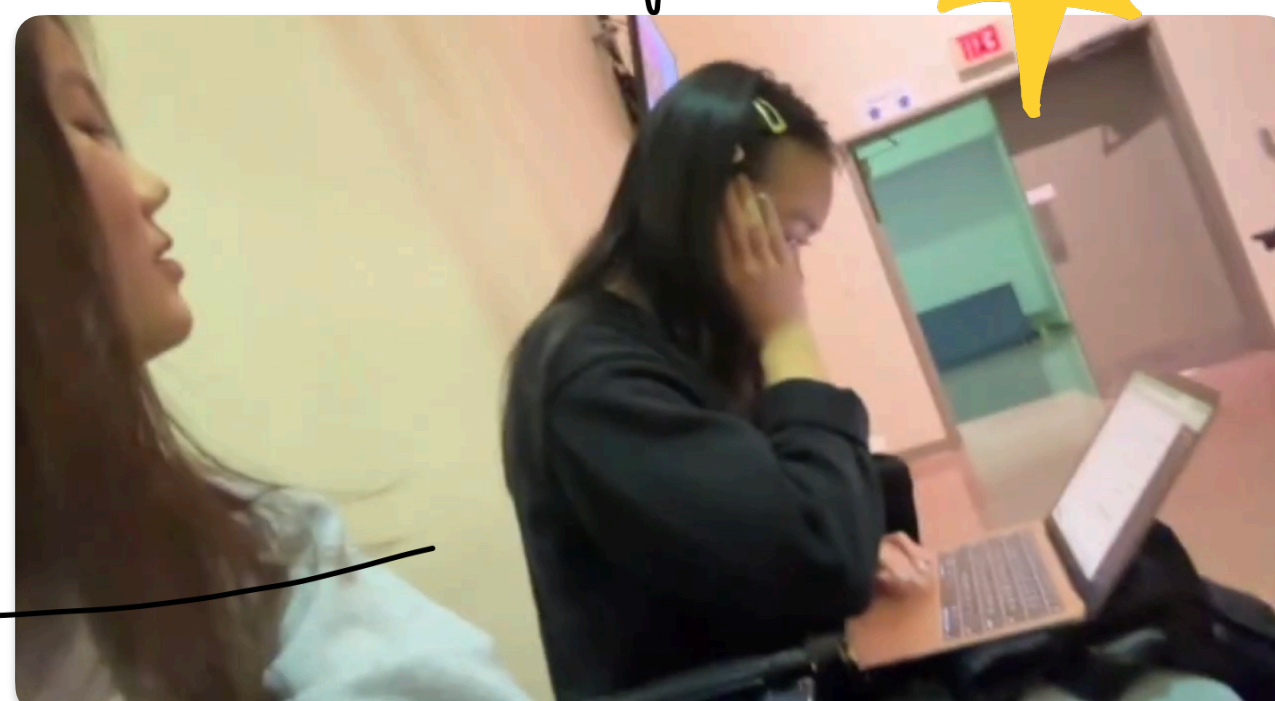

My first acting role as a brick sales man in 3 Little Pigs

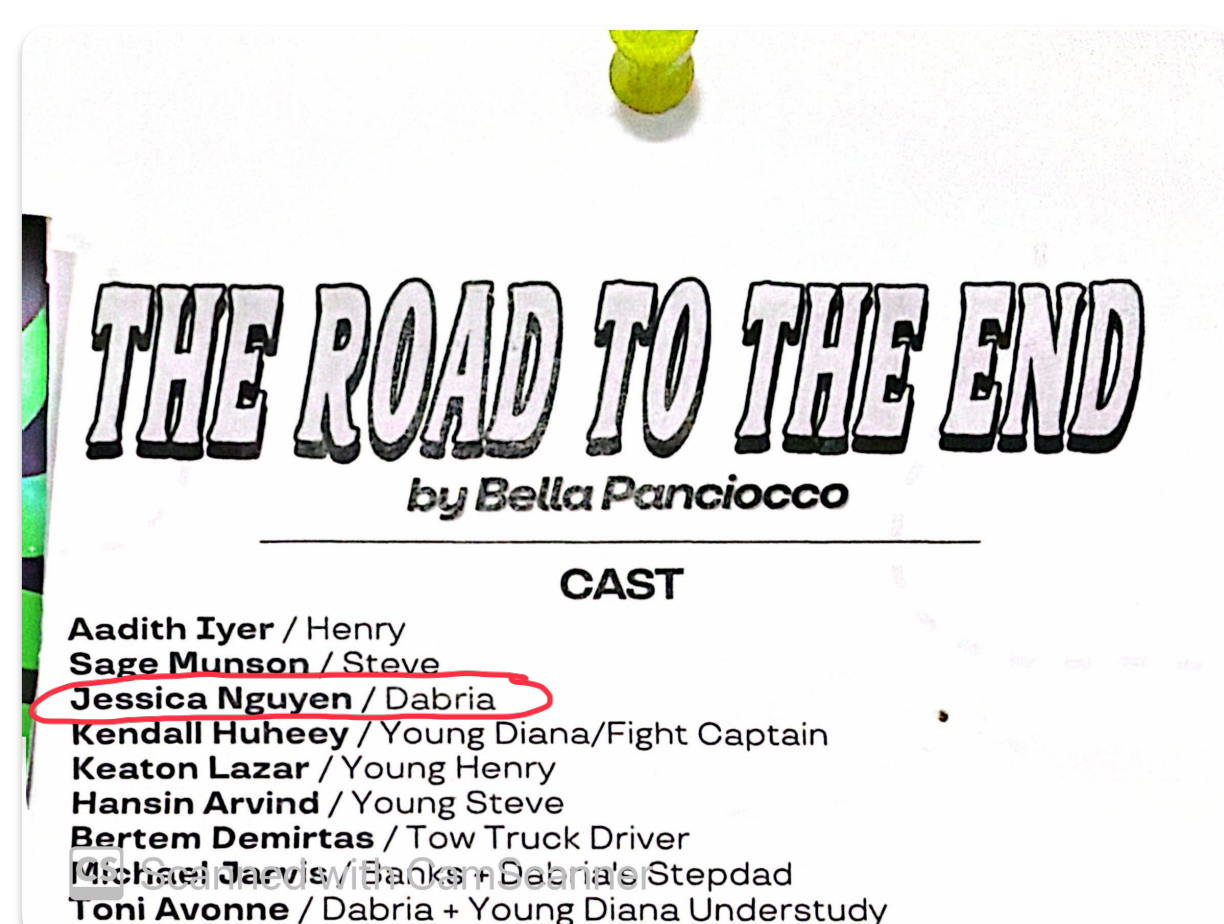

Then 14 years later... I auditioned for my first real play at my college

Real vlog footage of me submitting the paperwork right before the audition

Then... before I knew it, I had been cast as one of the leads

The play then went on to be performed at not only our college but also at a festival in DC... leaving us to win Best Drama!

I then went to intern at the Walt Disney Animation Studios as a tech intern but regularly participated in the improv group during lunches.

Here is our last day of improv (all the tech interns that went!)

This is where I am during the writers' talkback

For my senior year, I then wrote a 15 minute play and showcased at my college
